Up to this time, a total of \$1,807.68 has been turned in to Chairman Bartlett.

Weatherman Furnishes Snow, Rain and Fog

The weatherman has been giving this area wide selection of weather the past few days. Early in the week Old Sol beamed down on the earth with shirt sleeves being in order. At the same time the wind blew some dust from the west.

Tuesday night the mercury tumbled bringing colder weather and Wednesday the area had snow, sleet and cold rain within a few hours. Just to keep from showing any favorites a nice fog enveloped Hamlin Thursday morning.

Oh, yes, it was to have been around 25 during Thursday night with partly cloudy weather and continued cold the prediction.

The third and deciding game of the series will be in the Abilene High School gym Friday night at 7:45 o'clock.

This was the second defeat of the season for the Greyhounds, the Pied Pipers being the only other team to boast of that feat.

Representative of Social Security to be In Hamlin Friday

A representative of the Abilene office of Social Security will be in Hamlin, at the Post Office, on Friday February 21, at 9:30 a. m.

All persons wishing to file retirement or death claims under the Social Security Act should call to see the representative at that time. When a worker becomes 65 years of age he should contact the Social Security Administration and discuss his status. When a worker dies, some member of his family should get in touch with the Social Security Administration and find out what payments may be due. It is particularly important that the survivors of all World War II veterans who died after discharge get in touch with the Social Security Administration. This should be done whether or not the veteran worked under Social Security as the 1946 amendment to the Social Security Act provides that payments may be made to the survivors of certain World War II veterans who died after receiving their discharge.

That acre of dishes which the average family dirties-up each year is a big clean-up job for someone. But with plenty of hot water "there's nothing to it." Whether you have one of those do-everything automatic washers or do the job by hand, the gas automatic water heater is the only answer to the modern household's need for hot water.

Remember, dish washing is just one of the many modern hot water needs. Add to it the dozens of house-cleaning tasks, baths, showers, shaves, laundry and cooking needs. Considering all these needs, it's easy to see why the reliable, economical gas automatic water heater is the only answer. In modernizing your hot water service, make sure your new heater is sized to your family needs and has a rust-proof tank made of copper, monel or glass.

POT-SHOTS FROM MCCAULLEY

BY GEO DARDEN

A nice letter comes from our good friend O. H. Hunter in Dallas and as it will be of interest to folks who are interested in the McCaulley cemetery we publish same:

4444 W. Potomac
Dallas 5, Texas
Feb. 12, 1947

Dear George:
When I get home on Monday eve-

ning the Hamlin Herald is usually there. I turn to the back page and read the Pot-Shots, then when I have time I read the rest of the paper.

This week I found something of unusual interest to me. That is the Albert Andress letter about the cemetery and your comments about doing something about the up-keep of the hallowed ground. Herewith is my pledge to pay \$5.00 per year to the fund. I believe that all who have loved ones sleeping there will sub-

scribe to the cause. It is just a matter of letting them know about it, for many are far away from McCaulley.

This cemetery suggestion is another of the ideas publicized through "Pot-Shots" that make McCaulley community a better place to live in, and to visit. The additions and improvements to the school plant will be of great value. The paved Highway up and down the side of the railroad is a fine improvement. I remember you "plugged away" for both of these better things until they became the real thing. You are doing a good work. Long may you keep it up.

We hope to visit the folks at Easter time. If we do I will hand you my renewal to the Herald.

Any time you are in Dallas, I will appreciate a visit from you. I am at S. H. Lynch & Co., 2101 Pacific at Olive.

Yours truly
Orvis Hunter

Mrs. W. H. Parker writes from Hamlin that she will gladly contribute each year to the cemetery fund. Let us hear from you folks who are interested and your pledges will be acknowledged through this column.

Jack Gallaway from Longworth plde \$5.00 per year to the cemetery pledged \$5.00 per year to the cemetery fund. And he says more if we need it.

Mr. and Mrs. J. W. Maberry are the proud parents of a son and his name is Danny Parker.

Hobbs of Fisher County won the 19B district basketball tournament at Sweetwater last week end. Hobbs defeated McCaulley Saturday by 2 points to go into the district finals.

A large crowd attended church in McCaulley last Sunday at the Baptist church. Bro. Dick was in tip-top form and preached a real sermon. There is perhaps no man in Texas who knows the Bible better than C. E. Dick and although age is creeping up on the old boy there remains that same dynamic spirit in his sermons that has carried him through the years and made folks love him. Yep, C. E. Dick is a fixture in McCaulley and few churches can boast of a better pastor. We believe in flowers for the living.

Mrs. Miller a sister of John and Noah Wishert is visiting in the home of her brothers here. Mrs. Miller's home is Coleman.

Mr. and Mrs. Lawrence Brewer are visiting parents Mr. and Mrs. W. C. Kean in McCaulley. From all reports grandpa Kean is "cranky" about that new granddaughter. And too, grandpa Monroe Maberry is all smiles about his new grandson. All future basket ball players are welcome folks.

Once up on a time there was no water to be had on the town site in McCaulley—but its different now, happy owners of good wells here of late are J. W. and D. M. Maberry and Tof McCasland and from a depth of 38 to 41 feet, and the official "Witch" was Tom Akins.

Aspermont Child

Stricken With Polio

ASPERMONT—The five-year old daughter of Alonzo Mayfield, prominent townswall man was stricken with polio Feb. 11 and was taken to Plainview for treatment.

Mr. and Mrs. J. W. Maberry of McCaulley had as their guests during the weekend: her parents, Mr. and Mrs. J. O. Parker and Linda, Mrs. James Branscum and son, Mr. and Mrs. L. B. Bruner, all of Hamlin, Mr. and Mrs. Eddis Carpenter of Paducah and Wanda Sewell of Fort Worth.
